

Tekcetera's Mission

Tekcetera provides professional services that analyze, design and deliver innovative technology strategies encompassing a business's hardware, software, and support needs.

Our client objectives are to improve reliability, increase productivity, and broaden market penetration. We are passionate about providing high value solutions that are cost effective.

Our goal, simply stated, is to:

"Make technology click for your business"

Tekcetera prides itself on a **superior quality** of service that we provide to our customers.

Founded in November 2002, the Tekcetera team is steadfast in our commitment to do what it takes to provide comprehensive and cost-effective hardware, software and support technology services that deliver peace of mind that your technology will work, every time. We provide infrastructure solutions, cloud services, managed services, Microsoft specialty consulting, Avaya and Cisco telecommunications, web design, ecommerce solutions and more.

Eleven years ago, Tekcetera was founded to respond to the demand for a well-rounded technology solutions company that caters to the needs of small and midsize businesses. Today, Tekcetera continues to thrive, grow and expand into new markets with offices in Southern California, central Ohio and the Northeast quadrant (Connecticut) to best serve you, wherever you do business. Our growth is a result of fierce customer loyalty and a proven method of innovation in the small and midsize business market.

Tekcetera specializes in the financial services market. From banks to residential and commercial lenders, brokers, default service provider, loss mitigation, title and escrow, we have you covered. We have prepared comprehensive IT policies and procedures (PNP) to meet the requirements of the largest banks in the country. We have successfully participated in annual audits for our clients for the past five years, with a 100% pass rating. We know your business, we know your clients, and we will make sure you are not held up in growing your business by audit findings.

Join the thousands of businesses that call Tekcetera their technology partner. If you're considering a new service partner, or just have a few questions on how Tekcetera can help your business, take a moment and give us a call. We're here to help. If you are a small business with a regional presence or a large business with nationwide operations, we can and will support you.
