

ABOUT US

Tekcera provides professional services that analyze, design and deliver innovative technology strategies encompassing a business's hardware, software, and support needs.

Our client objectives are to improve reliability, increase productivity, and broaden your market penetration. We are passionate about providing high value solutions that are cost effective.

"My favorite thing about Tekcera is its people and the way they work directly with me to determine what services are most appropriate and most cost-effective for each one of my clients' individual needs."

CHALLENGE

"As a corporate consultant, finding a technology partner presented an obstacle, as I needed a company that could provide services for my clients' varying range of project needs – both broad and niche."

SOLUTION

"Since partnering with Tekcera five years ago, their expertise regarding managed services, cloud services, telephony, and design and marketing has given me the opportunity to provide my clients with the most up-to-date and effective technology solutions to ensure their businesses run efficiently."

-John Foley, Private Consultant

RESULTS

We were able to give John the ability to help him get on pace by allowing us to take the heavy lifting of managing the IT so that he could focus on what really matters: growing his business.
